LOCAL LAW J – 2009

A LOCAL LAW ESTABLISHING A RESIDENCY REQUIREMENT FOR ALL CITY EMPLOYEES

BE IT ENACTED by the Common Council of the City of Albany as follows:

Section 1. Chapter 62 of the Code of the City of Albany shall be amended by adding a new Section 62-1-a to read as follows:

Section 62 -1-a. Employee Residency.

A. Purpose. The legislative body determines that individuals who are employees of the City of Albany take a greater interest, commitment and involvement with the government which employs them by living within that municipality. Thus, the Common Council believes that the public need is sufficient to require that employees hired after the effective date of this section be residents of the City of Albany.

B. This section shall not supersede or override any other residency provision existing in state or federal law or existing in the Code of Ordinances of the City of Albany found to be contrary to the provisions herein. This section shall affect all city employees, including all provisional, permanent and temporary employees.

C. Residency for new employees. Except as otherwise provided by this section, the Common Council hereby establishes a residency requirement for all prospective employees of the City. Every person initially employed by the City of Albany, shall, as a qualification of employment, be or become a resident of the City of Albany within six months of the date of initial appointment for said City. Furthermore, during the time of service of such employees, no employee shall cease to be a resident of the City of Albany, and such shall be deemed a voluntary resignation.

D. Board of Residency. There is hereby created by this section a Board of Residency. This Board shall consist of five members, one such member to be the Mayor of the City of Albany or the Mayor's appointee, one by the Corporation Counsel of the City of Albany and three Council members. All members of this Board shall be City of Albany Residents. The Board shall have the following powers and obligations:

(1) The Board shall, upon written request of the Mayor, make a determination granting an annual waiver of the residency requirement to any city employee and thereby exempt said employee from the provisions of this section. This determination shall be based upon one or more of the following criteria: (a) The degree of specialization and professionalism required in any given field of employment; (b) The existence of hardship such as may be determined by the Board.

Section 2. This local law shall take effect upon final passage, public hearing and filing with the Secretary of State.

Council Member Conti made a motion to hold the remaining Local Laws on the pending agenda, which was approved by unanimous voice vote.

Ordinance Number 55.82.09 (as amended)

AN ORDINANCE AMENDING SECTION 359-22 (PARKING, STANDING AND STOPPING RESTRICTIONS) OF CHAPTER 359 (VEHICLES AND TRAFFIC) OF THE CODE OF THE CITY OF ALBANY IN RELATION TO ENGINE IDLING

The City of Albany, in Common Council convened, does hereby ordain and enact:

Section 1. Legislative intent. Air pollution continues to threaten the lives and health of millions of people in the United States despite great progress since the modern Clean Air Act was first passed in 1970. Even as the nation explores the complex challenges of global warming and energy, air pollution remains widespread and dangerous. This year marks the tenth annual American Lung Association State of the Air report. This 2009 report looks at ozone and particle pollution year-round and over short-term levels of particle pollution found in monitoring sites. In the 2009 report, Albany County received an “F” grade for air quality.

This ordinance to restrict engine idling, is intended to produce a variety of environmental and public health benefits at little or no cost to drivers. Air pollution from vehicles in Albany contributes to our high levels of ozone. Poor air quality leads to increased risk of asthma, heart disease and other ailments. Pollution emitted from vehicles is an important element of the City’s contribution to climate-changing greenhouse gases. Because engine idling exacerbates these problems while producing little benefit, idling restrictions should reduce air pollution problems without creating severe inconveniences for City drivers.

Section 2. Section 359-22(J) of Chapter 359 of the Code of the City of Albany is hereby amended to read as follows:

§ 359-22. Parking, standing and stopping restrictions.

Except as otherwise designated by official signs, signals or markings, the following restrictions will apply in the City of Albany. Except when necessary to avoid conflict with other traffic or when in compliance with law or the directions of a police officer or official traffic control device, no person shall:

J. Cause or permit the [diesel] engine of a [bus, as defined in § 104 of the Vehicle and Traffic Law] commercial motor vehicle, other than a legally authorized emergency motor vehicle or a television transmission vehicle, to idle for more than five minutes while parking, standing or stopping, except that a bus, as defined in § 104 of the Vehicle and Traffic Law may idle while passengers are on board or while boarding or discharging passengers.

Section 3. This ordinance shall take effect immediately.

**Note: There was discussion from Council Member Calsolaro regarding the amendments to the ordinance to exclude TV transmission vehicles and emergency motor vehicles.*

B. The Examining Board of Heat Technicians, by rule or regulation, shall set forth the types of proof required to prove an applicant's qualifications. Under this section, the experience required may have been under a heat technician's licensed by another jurisdiction whose requirements are substantially similar to those required by this article. - D. If a holder of a Class A heat technician's licenses be regarded as having an inactive status by the Board, the license holder shall not be obligated to fulfill the above while said license holder is inactive in the City of Albany.

§ 225-16. Licenses issued to entities other than individuals.

- A. Class A licenses issued in the name of entities other than individuals shall also designate the name of the licensed heat technician who actually holds the license.
- B. Such Class A licensed heat technician shall be an officer, partner or employee of the firm to which the license is issued.

B. Any person violating any provision of this chapter shall be guilty of an offense punishable by a fine not exceeding \$1,000 or by imprisonment not exceeding 15 days, or by both such fine and imprisonment, or for a civil penalty not exceeding \$1,000 to be recovered by the City of Albany in a civil action.

§ 225-22. Notice of violation of rules.

Whenever any inspector or other person reports a violation of any such rules and regulations for heating or a deviation from any approved plan or specification for heating work filed with any board or department, the Administrator shall first serve a notice of the violation thereof upon the heat technician doing the work. Such notice may be served personally or by mail, and, if by mail, it may be addressed to such heat technician. Unless the violation is removed within three days after the day of serving or mailing such notice exclusive of the day of service or mailing such notice, the Administrator may proceed according to law.

§ 225-23. Inspectors of heating.

The Administrator shall appoint inspectors of heating in the City of Albany, one (1) of whom shall be designated as chief inspector. They shall be practical heat technicians and shall not be engaged directly or indirectly in the business of heating during the period of their appointment. Of members initially appointed, one shall be for a term of one year, one shall be for a term of two years, and one shall be for a term of three years. Vacancies occurring by expiration of term shall be filled by the Mayor for a full term. Vacancies by death, removal, inability to act, resignation or removal from the City of any member shall be filled by him for the unexpired term. The Chief Inspector of Plumbing and Drainage and the engineer in charge of sewers shall be ex officio members of such Board, and when they shall cease to hold their offices by reason or on account of which they were so designated for appointment, their successors shall act on the Examining Board in their stead. Any member or members may be removed by the Mayor for malfeasance in office, incapacity or neglect in duty. Such Board shall elect its own Chairman and Secretary. A majority shall constitute a quorum to transact the business thereof. The Board shall meet at least once each month and shall have authority to hold special meetings if, in the opinion of the Chairman or a majority, such are desirable for the proper and efficient discharge of the business of such Board. It shall adopt such rules and regulations for the examination of all persons who desire to obtain a license as hereinafter required. The nature of the examinations to be conducted under this chapter shall be determined by the Examining Board, which shall examine the applicants as to their qualifications and fitness to receive a license to engage in the business of plumbing. Plumbers and journeymen plumbers serving as members of such Board shall receive such compensation as shall be determined by the Board of Estimate and Apportionment.

B. The Examining Board of Plumbers shall have power and it shall be its duty to:

(1) Have jurisdiction over and examine all persons desiring or intending to engage in the trade, business or calling of plumbing as employing or plumbers in the City of Albany, with the power to examine persons applying

for licenses as such employing or master plumbers or as inspectors of plumbing to determine their fitness and qualifications for conducting the business of plumbers or to act as inspector of plumbing and issue licenses to all such persons who shall have passed said examination before such Board and shall be, by it, determined to be qualified for conducting business as employing or plumbers or competent to act as inspectors of plumbing.

(2) Formulate, in conjunction with the local Board of Health, a code of rules regulating the work of plumbing and drainage in the City of Albany, including the materials, workmanship and manner of execution of such work, and from time to time add to, amend or alter the same.

(3) Charge and collect from each person applying for examination the sum of \$100 for each examination made by such Board, and all moneys so collected shall be paid over by the Board monthly to the City Treasurer.

(4) Have jurisdiction over and issue apprentice training and journeyman identification cards. An apprentice training identification card allows a person to be employed by a licensed plumber to do plumbing work under the supervision of a licensed plumber. A journeyman identification card allows a person with the requisite journeyman plumbing qualifications to install plumbing under the supervision of a licensed plumber.

(5) Adopt rules and regulations to govern its actions in exercising its powers and duties. A majority vote of the whole Board is required for the adoption or amendment of any rule or regulation. Twenty days' written notice of any proposed amendments to the rules and regulations must be given to all Board members.

§ 261-3. Meetings of Board.

The Examining Board of Plumbers shall meet during the three months after the enactment of this chapter and as often as necessary to consider all applications received by it. Thereafter the Examining Board of Plumbers shall meet within 10 days of the receipt of any application from the Administrator. Final action upon any application shall be made by the Examining Board of Plumbers within three weeks after the receipt of the same, and during said three weeks the Administrator, upon the recommendation of the Examining Board of Plumbers, shall grant working permits pending examination.

§ 261-4. Examination for plumber's license required.

Every person desiring to engage in any business or perform any work for which a plumber's license is required and who has the experience required herein for doing so shall appear before the Examining Board of Plumbers and pass an examination as to his or her qualifications and competency for the class of license desired by him or her as required by the provisions of this chapter.

§ 261-5. Deposit for examination.

A deposit equal to the fee for the current calendar year must accompany each application for examination. In case the candidate passes the examination, such deposit shall be retained to cover examination and fee for the current calendar year.

§ 261-6. Application for license.

All applications for a license accompanied with the proper fees shall be presented to the Administrator, who shall, when the license is finally granted by the Examining Board of Plumbers, pay into the treasury of the City of Albany the amount of such fees so received by said Administrator.

§ 261-7. Grading of examinations; issuance of license.

A. The Examining Board of Plumbers shall grade all examinations with not less than two (2) members present, participating in and concurring with the gradings. The Board shall certify to the Administrator the name of each applicant passing an examination and the grade of license for which he was qualified. A minimum grade of seventy percent (70%) shall be required as a passing grade.

B. Upon such certification and the payment of the prescribed fee and evidence of insurance where insurance is required, the applicant shall be issued a license of the grade for which he or she has been certified, which license shall be signed by the Administrator.

§ 261-8. Frequency of examinations; reexaminations.

A. The Examining Board of Plumbers shall conduct examinations at least once each calendar year and in no case more than 12 months from the date of the last test. The Board may conduct tests more frequently as in its determination is appropriate.

B. Applicants failing their first test may be reexamined at the next scheduled test. Applicants failing more than one test may be reexamined at yearly intervals only.

§ 261-9. Period of time to obtain license.

An applicant who has passed an examination for any grade of license must obtain the license by paying the prescribed fee within 30 days of receiving notice of passing said test. Failure to do so will require the applicant to again qualify himself or herself by passing another examination.

§ 261-10. Notification of examination grade; review of examination.

The Examining Board of Plumbers shall notify by mail any applicant of his or her grade within 10 days of the examination. Applicants failing the examination may review their tests at the Building Department for a period of 30 days after receiving notice of failure. All tests will be destroyed after the thirty-day period.

§ 261-11. Qualifications for Class A plumber's license.

A. Applicants for the master plumber's license examination must meet the following qualifications;

1. They must pay the prescribed fee.
2. They must possess the following training or experience, said experience defined as 1,800 work hours constitutes one (1) year of experience:
 - a. Either seven (7) years' practical experience under the supervision of a licensed plumber performing work for which a plumbing permit is required; or
 - b. A degree from an accredited trade school and at least five (5) years of practical experience under the supervision of a licensed plumber performing plumbing work for which a permit is required in the City of Albany; or
 - c. A certificate from a New York State approved apprenticeship program, with in-service training totaling 5,000 hours and at least two (2) years of practical experience under the supervision of a licensed plumber performing plumbing work for which a permit is required in the City of Albany; or
 - d. A plumber's license issued by another licensing jurisdiction, with evidence that the applicant has continuous practical experience under that license for at least ten (10) years; or
 - e. Such other schooling or training which the Board finds to be substantially equivalent to any of the above plus the requisite number of years of practical experience under the supervision of a licensed plumber, so that the time of training plus practical experience is seven (7) years. Under this subsection, however, for at least three (3) of the seven (7) years the applicant must have been performing plumbing work under the supervision of a licensed plumber for which a permit would have been required.

B. The Examining Board of Plumbers, by rule or regulation, shall set forth the types of proof required to prove an applicant's qualifications. Under this section, the experience required may have been under a plumber's licensed by another jurisdiction whose requirements are substantially similar to those required

by this article. Although various forms of proof of training and experience may be found acceptable to the Board, the following are typically considered acceptable:

1. Notarized testimony from a licensed plumber, listing dates, duration and total hours worked by the applicant.
2. Official school transcripts.
3. Apprenticeship training certificate.
4. Payroll records or pay stubs with hours worked.
5. Copies of a plumber's license issued to the applicant by another licensing jurisdiction, along with an itemization of that jurisdiction's requirements for licensing.
6. Copies of approvals of work issued to the applicant from a recognized inspection agency, listing the work performed and the dates completed.

The Board specifically reserves the right to accept or reject any of the above items as substantiation of an applicant's qualification. Any proof of training or experience must clearly identify the applicant and the individual, agency or institution issuing the document. Documents must be accompanied by dates of service, contact information of the individual, agency or institution and the contact information of an individual familiar with the applicant's work or schooling.

§ 261-12. Issuance of Class A plumber's license.

Upon certification by the Examining Board of Plumbers that an applicant has met all the qualifications to be issued a Class A plumber's license or a Class B plumber's license, the Director of the Division of Buildings and Codes shall issue said applicant a Class A plumber's license or Class B plumber's license, as the case may be.

§ 261-13. Apprentice and journeyman permits.

The Examining Board of Plumbers may, at its discretion, require the issuance of individual permits for apprentice and journeyman plumbers working in the City of Albany. The Board shall promulgate the qualifications required, terms under which such permits may be issued and the fees associated with such permits.

§ 261-14. Qualifications for Class B plumber's license.

A. In lieu of passing the examination given by the Examining Board of Plumbers, an individual may apply for a Class B plumber's license. The applicant must present to the Board satisfactory evidence that he or she possesses all the qualifications for a Class A plumber's license as set forth in Section 261-12. In addition the applicant must also:

1. Possess a master plumber's license issued by another licensing jurisdiction whose requirements for licensing are substantially equivalent to those set forth in Section 171-32; and
2. demonstrate that he or she has performed work continuously under the license issued by the other jurisdiction for a period of not less than ten (10) consecutive years.

B. The Board may accept or reject any evidence of qualification submitted by the applicant. The Board may accept or reject any applicant for a Class B plumber's license, regardless of the applicant's qualifications.

§ 261-15. Insurance requirements.

A. All holders of plumber's licenses shall carry workmen's compensation insurance, unemployment compensation insurance and disability insurance when required by law.

B. All holders of such licenses shall furnish proof of bodily injury, public liability and property damage insurance, exclusive of motor vehicles, of not less than one hundred thousand dollars (\$100,000.) for one (1) person injured in any one (1) accident and three hundred thousand dollars (\$300,000.) for more

than one (1) person injured in any one (1) accident and property damage insurance of not less than one hundred thousand dollars (\$100,000.) per accident.

- C. Proof of required insurance shall be submitted to the Examining Board of Plumbers at the time of the issuance or renewal of the license.
- D. If a holder of a Class A plumber's licenses be regarded as having an inactive status by the Board, the license holder shall not be obligated to fulfill the above while said license holder is inactive in the City of Albany.

§ 261-16. Licenses issued to entities other than individuals.

A. Class A licenses issued in the name of entities other than individuals shall also designate the name of the licensed plumber who actually holds the license.

B. Such Class A licensed plumber shall be an officer, partner or employee of the firm to which the license is issued.

C. The same person shall not hold more than one plumber's license.

D. In the event that the Class A licensed plumber who holds an entity's license in his name becomes no longer employed by or associated with said entity, such change in circumstance shall be reported to the Administrator within 30 days of said change. The report must be made by both the entity and the actual license holder. At that time, the entity must certify to the Examining Board of Plumbers the name of another Class A licensed plumber who shall hold the entity's license in his name.

E. For good cause shown, the Board may extend the time in which an entity must certify the name of the licensed plumber who will hold their license. No extensions shall total more than one year.

§ 261-17. License not transferable.

No license granted under this chapter shall be transferable.

In addition to the penalties prescribed below, the Administrator, upon recommendation of the Examining Board of Plumbers, may suspend or revoke any plumber's license issued pursuant to this article for violations of any provisions of this article or any other City ordinance, local law, state law or rule or regulation of the Board with which said license holder must comply as a plumber.

B. Any person violating any provision of this chapter shall be guilty of an offense punishable by a fine not exceeding \$1,000 or by imprisonment not exceeding 15 days, or by both such fine and imprisonment, or for a civil penalty not exceeding \$1,000 to be recovered by the City of Albany in a civil action.

If a majority of the Board members hearing the case finds that the person charged has committed the violations, it may recommend to the Administrator that said person's plumbing license be suspended or revoked. Where the person charged has no plumber's license, the recommendation may be to suspend the person's right to apply for a plumber's license.

C. Upon recommendation of the Board, the Administrator may suspend or revoke a person's plumbing license as follows:

- (1) For the first offense: up to a maximum of six months.
- (2) For the second offense within one year: up to a maximum of one year.

Upon permanent revocation, said license holder shall not be allowed to reapply thereafter.

E. The suspension or revocation penalties are in addition to any penalties imposed by the Court.

§ 261-22. Notice of violation of rules.

Whenever any inspector or other person reports a violation of any such rules and regulations for plumbing and drainage or deviation from any approved plan or specification for plumbing or drainage filed with any board or department, the Administrator shall first serve a notice of the violation thereof upon the plumber doing the work. Such notice may be served personally or by mail, and, if by mail, it may be addressed to such plumber. Unless the violation is removed within three days after the day of serving or mailing such notice exclusive of the day of service or mailing such notice, the Administrator may proceed according to law.

§ 261-23. Inspectors of plumbing.

The Administrator shall appoint inspectors of plumbing in the City of Albany, one (1) of whom shall be designated as chief inspector. They shall be practical plumbers and shall not be engaged directly or indirectly in the business of plumbing during the period of their appointment. Before entering upon the discharge of their duties as such inspectors they shall be required to obtain a certificate of competency from said Examining Board of Plumbers. RESOLUTION NUMBER 100.122.09R (MC) (As Amended Prior to Introduction)

RESOLUTION URGING THE END OF STEREOTYPING OF ITALIAN-AMERICANS AND CALLING UPON MTV TO CANCEL FURTHER PROGRAMMING OF THE "JERSEY SHORE"

WHEREAS, the Italian-American community is the second largest ethnic group in the City of Albany and has contributed greatly to its success; and

WHEREAS, movies and television continue to stereotype Italian-Americans and have done so for more than 70 years. A study done by the Italian Institute studied Hollywood films from 1928 to 2000 that featured Italian or Italian-American characters and concluded that an overwhelming 73 percent portrayed these Italian or Italian-American characters negatively; and

WHEREAS, a new show airing on the MTV television network entitled "Jersey Shore" depicts a group of young Italian-Americans as ignorant, violent, self-centered and lewd; and

WHEREAS, a national Italian-American organization based in New Jersey called the MTV reality show offensive and asked for its cancellation before it aired and Domino's Pizza has removed its ads from the programming; and

WHEREAS, the young in our community may be influenced by this unfortunate stereotype to the detriment of our city; and

WHEREAS, these stereotypes of Italian-Americans are not realistic and show the worst our society has to offer in young people; and

WHEREAS, stereotypes against any ethnic group are offensive and should not continually be promoted and marketed to young people; and

WHEREAS, the stereotypes of Italian-Americans portrayed in “Jersey Shore” do not represent our community. In the name of fairness and truth, we urge MTV and all others to represent a more balanced portrayal of Italian-Americans, whose long history of patriotism, industry and decency have earned them the same respect and dignity accorded to other ethnic, religious and racial groups.

NOW, THEREFORE, BE IT RESOLVED, that the Common Council of the City of Albany goes on record condemning the constant demeaning and demoralizing stereotyping of Italian-Americans by the media and the entertainment industry’s negative and unfair stereotyping of Italian-Americans and asks MTV to cancel further programming and showing of “Jersey Shore.”

BE IT FURTHER RESOLVED, that a copy of this resolution be transmitted to MTV Networks and the Federal Communications Commission.
